REMARKS

The present amendment removes the multiple dependencies in the claims and directs the claims of this application to non-elected subject matter of the parent application. The amendment to the specification is presented to include a cross reference to the parent applications and to insert a Brief Description of the Drawings (which was also inserted in parent application 10/157,034). No new matter has been added.

Favorable action on the merits is respectfully requested.

Respectfully submitted,

PILLSBURY WINTHROP LLP
